MONDAY MORNING, DEC. 30, 1850

Large Lumps of Gold.

Within the past year *some* large gold stories have been told, which taxed the credulity of people here, even where we are accustomed to see large lumps of the precious metal, but especially has it drawn upon the *faith* of persons in the States. The Stockton *Times* has collected together all the accounts of the "big lumps" which have been published since April last, and gives the following "golden chapter," vouching for the truth of each statement:

MARCH 16th, 1850.

"A LUMP WEIGHING 83 LBS.—We have been informed upon very credible authority, that a lump of pure gold was, in the early part of the year, taken from the bed of the Arroyh at Sonora, which weighed 83 lbs. A Mexican who saw the specimens, informs our correspondent that it did not contain more than six pounds of quartz. The Mexican immediately left with the treasure, for his own country."

Since that time we have had an opportunity of inquiring into the truth of this story, and find the statement to be literally correct.

RICH AND IMPORTANT DISCOVERY.—"Our friend Dr. Bateman has obliged us with the favor of a specimen of metallic ore, which, upon analyzing, we found to be native silver of great purity, occurring in amorphous masses of various size.

Dr. Bateman obtained the specimen in his recent tour through the southern mines, from W. M. Patterson, merchant, at Angel's Camp, to whom it was brought by those who discovered and disposed of it, stating the amount, (about forty-five ounces,) to have been gathered by them in a very few minutes, but refusing to impart any information of its whereabouts. It is presumed, however, to be in some region not remote from that camp."

"THE SONORIAN LUMP OF GOLD.—We have seen the eighth wonder of the world! We have held in our hands the Sonorian lump of gold, weighing 22 lbs. 6 oz. During the month of January of the present year, three Sonorian Mexicans were following their mining pursuits in the arroyo of the town of Sonora, and discovered this 'pile.' The prize afterwards fell into the hands of our worthy friends, the firm of Linoberg & Co., of Sonora, who sold it again for a considerable amount to Messrs. Alonzo Green and Joshua Holding, merchants, of the same place. To our knowledge these gentlemen have again been offered $2,000 for it over and above its intrinsic value. It is estimated that there are about four pounds of quartz mixed up with the precious metal, as is generally the case with large specimens."

MARCH 23d.

MARIPOSA—ANOTHER LUMP OF GOLD.—Verily, the reports of lumps of gold are becoming as

> "Thick as autumnal leaves
> That strew the brooks in Vallambrosa."

Major Burney, who arrived in Stockton yesterday, has informed us that a lump of gold was found a few days ago in one of the gulches near Fremont's Camp, weighing over 100 ounces (8 lbs. 4 oz.) The Major saw it, and was further informed that the miners had generally done well during the winter's campaign.

CARSON'S CREEK—THE 93 LBS. LUMP OF GOLD.—The wonder of the inhabitants of this city was some weeks ago much excited by the news that a lump of gold weighing 93 pounds had been dug up at Carson's Creek. Yesterday, a gentleman presented us with a piece broken from the mass as a specimen of the whole; we should judge that it contained barely a twelfth part of the precious metal disseminated through quartz.

51 OUNCES.—A lump, unmixed with quartz, weighing 51 ounces, was taken from Sonora arroyo, March 24th.

APRIL 6th.

THE FREMONT VEIN.—The operations on this vein have not yet commenced. Several fragments which were broken from the veins have been presented to us, and from an examination we conclude that a rich harvest will be reaped.

We have received no less than ten fresh reports of the discoveries of large masses of the precious metal in this district.

MORMON GULCH—A FACT.—Two gentlemen named Hyres and Brower, dug out on the FORENOON of Wednesday last, TWENTY-EIGHT OUNCES, SIX DOLLARS AND A HALF, besides a lump weighing ONE POUND, FOUR DOLLARS AND A HALF, all pure gold.

50 LB. LUMP OF GOLD.—A mass of gold weighing 50 lbs. has been found near the Mariposa. Mr. Belt informs us that he saw the lump and held it in his hand, and states that it was found near the surface of the ground. $5000 were offered on the spot for it.

SONORA—MOST IMPORTANT DISCOVERIES. Our friend, G. C. Belt, Esq., merchant, of Stockton, has just arrived from Sonora, and informs us that there is no doubt the new placer at Agua Frio is of unprecedented richness, and there are supposed to be from three to five thousand persons at work upon it, who in numerous instances are getting from TWO to TWENTY OUNCES per day. The placer is situated about half a mile from the town, is about 600 acres in extent, and is about 400 yards distant from water. Many of the holes have yielded each upwards of 10 lbs. of the precious metal. From one hole a man took 37 lbs. of gold, in three days. This information may be relied upon.

APRIL 13th.

SONORA—TO ALL WHO ARE TRINIDAD-MAD.—Last week another mass of gold weighing 95 oz. and 12 dollars, was found near Sonora, by a Sonorian Mexican. It was sold to Messrs. Labetour and Carrere, merchants, in whose possession it now remains. This information has been kindly furnished us by Mr. Labetour himself, who has been offered $3,000 for this one of the most beautiful specimens that has hitherto been dug from the southern mines.

ANOTHER LUMP.—Mr. Olordy, of Sonora, has in his possession a lump of gold weighing 66 oz., recently found near Sonora.

MORMON GULCH—23 LBS. OF GOLD IN NINE DAYS.—Two men lately took out from one hole in the Mormon Gulch 23 lbs. weight of gold in nine days. We have seen the gold, and are satisfied as to the accuracy of the statement.

SONORA, 7th April.

DEAR SIR:—As I am about leaving for the upper mines in the morning, I thought I would "tip you a stave." The miners, at the very lowest estimate, average from an ounce to eighteen dollars daily. A piece of gold of 96 ounces, now in the possession of Mr. Labetoure, also one of 26 ounces in the possession of the same gentleman, I have seen. They were dug out about a mile from this place. H. E. MAIDEN.

APRIL 27th.

GOLD AT THE AMERICAN CAMP, FOUR MILES ABOVE SONORA.—Our agent, Mr. McKiernan, accompanied by Mr. Fish, of the firm of Turner, Fish & Co., and Mr. Van Dyck, of the firm of Van Dyck & Baldwin, both of San Francisco, kindly inform us that they have visited this exceedingly rich diggings, and that they have seen upwards of 16 ounces washed out of one pan—the labor of two hours; a lump of seven pounds was taken from the same hole, which they consider a very beautiful specimen of quartz and gold.

MAY 4th.

WHAT THINK YOU?—Three men, in the space of three weeks, took out the sum of $30,000 from one hole at the diggings four miles above Sonora, besides one lump weighing 5 pounds.

NOMINATIONS FOR THE PRESIDENCY.—Parties in the old States begin to TALK of candidates for the Presidency in 1852, but the Abolitionists lead the ball in ACTING. At a recent meeting at Oswego, N. Y., they put in nomination the following ticket:

For Predident—GERRIT SMITH, white man.
Vice President—SAM WARD, black man.

This combination may be regarded as "slightly mixed," but then the present is a day of progress.

☞ We see by the last advices from California that the Aldermen of San Francisco propose to pay themselves for their services a salary of $4000 a year—a modest proposal, truly! How astonished the good people of Boston would be if our Aldermen should put such value on their services!—[Boston Journal.

☞ Our Aldermen are remarkable for their modesty, as a general thing! They never combine to put monsy in the pockets of each other, because they didn't get a salary; have even now gone so far as to be willing to reduce their yearly stipend for services to $3000 each, in consideration of the poverty of the city.

THE MARRIAGE LAW.—The *bigamy case (the Queen v. Roberts) tried in the Supreme Court last year, has been taken up with great earnestness by some of the religious bodies in Scotland, as involving a violation of the civil and religious rights of their countrymen in the colonies, requiring immediate redress. The Synod of the United Presbyterian Church, which met in May last, after an animated discussion, appointed a committee to co-operate with the influential members of other denominations, in bringing the question to a satisfactory issue. And the committee were recommended to bring the matter before Parliament, during the discussions on the Australian Colonies Bill. It is, therefore, not improbable that the unsatisfactory state of the law on this important subject, may be remedied by a Parliamentary enactment.—Herald.

ARE now running every morning to San Jose, leaving Breford & Co's office, in the Plaza, at 8 o'clock, A. M. and the City Hotel, in San Jose, at 7 o'clock, A. M.
The reduced rate of fare puts it in the power of every one to visit the beautiful and healthful valley of Santa Clara. There is no more charming drive in California han that from San Francisco to San Jose, and as one is whirled rapidly through the oak openings and across the level plains under the skilful driving of Professors Dillon or Crandal, who drive their own coaches, he finds that pleasure is united with business, and wonders he has never made the trip before.
The great advantage this line possesses over all others, is that the Stages were bought expressly for the road, and with a particular attention to SAFETY, while the drivers, who have served a long apprenticeship from New England to Mexico, make the QUICKEST time and NEVER MEET WITH ACCIDENTS, which are so likely to occur with the old fashioned stage coaches. We invite our friends to give he line a trial. n7tf BERFORD & CO.

PROSPECTUS
OF THE
SAN JOSE DAILY ARGUS.
EARLY LAST SUMMER we announced our intention to issue a paper at the Pueblo de San Jose; but untoward circumstances prevented the fulfillment of that design. Our arrangements are now completed, and the purpose so long deferred, will be put into execution without delay.
We announce, therefore, to our friends in San Jose and the Santa Clara Valley, that a new Journal under the above title will be commenced on or about *the First day of January*, 1851, and be published DAILY, feeling confident, as we do, that the patriotism and public spirit of the citizens of the Valley, will amply sustain us in the such an undertaking. We begin this enterprise without the subscription of a single dollar in its behalf from any source, yet not a doubt of success arises to throw a shadow upon our hopes.
It is our design to give *full daily reports of both branches of the Legislature*, together with all documents of a public nature, as well as all other matters of interest at the Capital—in the Valley, and throughout California.
This important feature will render the ARGUS a valuable desideratum to all classes of our citizens, in every part of the State, and to their consideration and subscripwe trust that it will commend itself.
In politics, the ARGUS will be DEMOCRATIC to the core; and while treating public men and measures wiih courtesy and fairness, will nevertheless endeavor on every occasion to maintain unimpaired the pure principles of Democracy; believing, as we do, that the able exposition and defence of these by JEFFERSON, JACKSON, and POLK, and a host of other worthy and true men of the Party of Progress, have contributed more to the Prosperity, Power and Glory of the American Union, than all other causes combined. Our opponents will always know where to find us—so also will our friends.
The ARGUS will be issued on a Medium sheet of fine white paper, and fair type. Every kind of Book and Job Printing, Cards, Circulars, Handbills, etc., will be executed at the ARGUS Office with Promptness and on reasonable terms.

PROSPECTUS
OF THE
MONTEREY GAZETTE.
THE UNDERSIGNED proposes to publish in the city of MONTEREY, a Weekly Newspaper, to be called the
MONTEREY GAZETTE.
In a country where, above all others in the world, newspapers constitute a necessary of life to the poor as well as to the rich, it is needless to say much in behalf of the present enterprise We believe the interests of the city of Monterey and of the Southern section of California demand the establishment of a newspaper, and we devote ourselves to the task, in the confident expectation that the intelligence, enterprize, and business of the people will amply sustain us.
The GAZETTE is not designed as a party organ. Entirely independent of political parties, it will only treat of political questions in reference to the public good, without descending in any case, or in the least degree, to partisan or personal warfare.
The *Commercial and Trading* interests of Monterey, and consequently of the Southern section of California will form a permanent subject in our columns. To business men in general, we offer our services; and we shall spare no efforts to promote their prosperity and the wellfare of section of the State—which we shall more specially represent.
Another leading object of the Gazette will be to develop the *Mineral and Agricultural Resources* of our young and thriving State. Rich as are the mountains and riverourses with precious metal, we believe the valleys and plains of California contain a mine of wealth still more valuable and inexhaustible. On the agricultural improvement of our State, depend in a great degree its permanent growth and lasting prosperity. To this important subject we shall direct especial attention.
The cause of *Popular Education* will also demand a large share of our regard. The rising generation, to whose charge will shortly be entrusted the destinies of the country, must be qualified for this responsible and noble trust by a judicious and efficient system of Common School education.
Another prominent purpose of the MONTEREY GAZETTE will be the promotion of good morals. In vain shall we hope for continued prosperity, either as a community or as individuals, where vice prevails over virtue. Men, destitute of good moral principles, are incapable of self-government, and unfit for the management of republican institutions. Vices which prevail to the injury of society, we shall not fail to expose and condemn.
The particular interests of the city of Monterey, we shall strive to promote; not as a rival of other flourishing towns in Southern California, but as a member of the same family, identified with them in the same common fortune Its location, convenient to the Mining region, mark it as the future depot of an extensive and profitable trade; and its situation as a sea-port, imparts commercial advantages which will render it, before many years, one of the most important maritime cities on the Pacific. The GAZETTE will guard these great interests, and labor to advance them by all practicable means.
The GAZETTE will also present its readers with news, domestic and foreign, to the latest possible dates. To accomplish this purpose with the greater certainty, a regular correspondence has been opened with San Francisco, New York, Philadelphia, and other places.
As an advertising medium, men in business will find the GAZETTE a ready means of communicating with the public and enhancing their interests.
For the benefit of that portion of the population, not conversant with the English tongue, one side of the GAZETTE will be printed in Spanish, and the Editorial and other leading articles will be inserted in both languages.
The subscription price will be *Sixteen Dollars per annum*, payable invariably in advance. The first number will be issued on or about the 1st of January, 1851.

THE TOWN OF KLAMATH.
ON THE KLAMATH RIVER—The only direct and the cheapest route to the Klamath and Salmon River Mines—has been surveyed and laid out, being situated about three miles from the entrance of the river into the Pacific, in latitude 41 deg. 33 min. North, about 250 miles from San Francisco, and is destined speedily to become one of the most flourishing towns in California, as premised from the following facts, to wit: The Klamath River affords a safe and excellent Harbor, and at all times capable of ingress or egress to the heaviest shipping; and is navigable for steamers from the Town to the Mines, distant from 50 to 75 miles. The river abounds with the finest salmon, the valleys with deer and elk, the forests with a noble growth of pine and red wood, fit for piles, spars, or lumber. While the Mines on the Klamath and its numerous tributaries, among which are the Salmon, Shasta and Ross rivers, are, it is confidently believed, paying better than any other mines in California, as during the past season they have averaged not less than one ounce of gold per day to a man, while multitudes of the more industrious class have made their two and three ounces a day. The climate is one of the finest and most healthy that California affords. Therefore, to the Merchant, the Miner, Mechanic, and Capitalist, it may be truly said: here is presented a field for the investment of labor and capital not surpassed by any other in California. Vessels are now running from San Francisco to the River, and a line of steamers will soon be put on the route; also a steamboat to ply between Klamath and the Mines.
For further particulars inquire of SHULTZ & PALMER, foot of Jackson street, or JOHN GRAY, Jr., Central Wharf, opposite Whitehall, where maps of the Town can be seen

ENLARGED STEAMER PAPER!

Splendid Number!

We shall issue, TO-MORROW (Tuesday) morning, the largest steamer papers ever sent from this office. For the lack of material, heretofore, we have been compelled to publish a sheet which did not entirely come up to our ideas of what was demanded, but with which the public were generally satisfied. Now, however, we are differently situated, and can produce a paper which in point of appearance and matter, will not suffer in comparison with any other on the Pacific or Atlantic coast. It will be the *ne plus ultra* in the way of "Steamer Papers."

The first number of the *Enlarged Steamer Pacific News*, will contain the full proceedings of the New England Festival, with the Address, corrected and more fully written out by the author, the Songs sung on the occasion, and the Speeches and Toast given at the Dinner at Delmonicos; four numbers of the interesting "Penknife Sketches," by "Old Block;" News from the Sacramento, San Joaquin, and Santa Clara Valleys; "California Fifty Years Ago," and "California at the Close of Eighteen Hundred and Fifty,"—the latter embracing a list of the Bankers of San Francisco, their capital and whom they represent abroad, the amount of Gold Dust sent forward during each month of the past year, and the amount of Bullion received and shipped, the arrivals and clearances of vessels for the year, the number of passengers who have arrived and departed, the names of the principal, Auction Houses, &c., the value of imports in American and Foreign vessels, the tonnage of each vessel, the estimated amount of gold dust in circulation here, an elaborate Price Current and Review of the Market, made up to the last moment, &c. &c. This article will be one of the most interesting and valuable, for its statistical features, ever published on the Pacific side.

In addition, the Enlarged Steamer Paper will contain a large amount of Local Matter, Mining Intelligence, Editorials, an article giving the weight, and where found, of all the large lumps of Gold discovered within the past year, correspondence from different places, Marriages, Births and Deaths in Oregon, New South Wales, &c., besides a great variety of other matter highly valuable for reference and preservation. The paper will be really a "New Year's Present" worth sending to persons in the States.

We are now prepared to receive orders for the Enlarged Steamer Paper, and will take the names of such as desire to be served, at our Counting Room, Montgomery street. As we shall publish but a few thousand copies, a limited number, and those who desire to send to their friends at home, should leave their names at an early hou0.

☞ All orders from our Agents at Sacramento, Stockton, San Jose, and other places, sent in by TUESDAY, will be promptly filled.

For the Steamer *Pacific News* for January 1, 1851, should be handed in as early as Monday afternoon, in order to appear.

THE STEAMER PANAMA.—The reason of the non-arrival of this vessel is still unexplained. We learn by the Constitution, that she left Panama on the 4th inst., and the latter on the 5th. When the Constitution left Acapulco, the Panama had not arrived there. She had been out eleven days, the usual time to that port being about eight days. The Constitution met with constant heavy weather from Panama Bay to Acapulco, and it may be that the Panama was disabled in the storm. We do not think that any serious apprehensions for her safety may yet be entertained. Some portions of her machinery may have given way, disabling her for a time, but she is too staunch a vessel to be wrecked, except through the bursting of her boiler, or the most tempestuous gales. We hope yet to see her make her appearance in aafety.

Since the above was in type, the Northener has arrived, having left Panama on the 10th inst., and the mystery connected with the Panama is yet unexplained.

GREGORY'S EXPRESS.—We take pleasure in expressing our obligations to J. W. GREGORY, for the prompt delivery of letters and papers on the arrival of the Constitution on Saturday. But for his enterprise and capital business arrangements, we should have been without our files of New York papers. The letters sent by his messenger, were the only ones which came to our business men, while the mail is of course behind on the Panama. Ourselves and the public are so often under obligations to this gentleman for the promptness and energy with which he despatches the business entrusted to him, that it has become so common a thing as to be "a master of course"—a very expressive way of saying that it is all done up in short order.

Mr. G. sends a messenger by the steamers of the first.

OUR WASHINGTON CORRESPONDENCE.—We received from the post office, last night, the letter of our Washington correspondent, as also our usual favors from *home*. This is an unexpected good fortune, considering that but a *single letter bag* arrived in the Northerner.

We learn from our private letter from Washington, that Hon. T. BUTLER KING would not probably leave New York before the 26th of November, and cannot therefore be expected here sooner than by the next steamer up, which will be due next Sunday.

☞ The *Pacific News* office, and the street in front, were jammed and crammed last evening, by gentlemen anxious to hear the steamer's news. It's central situation renders it the centre of attraction to the business portion of our citizens.

☞ Our advertisers poured in upon us last evening, a perfect flood, and we were obliged to omit many for want of room for them, being anxious to make full reports of the interesting news from the Atlantic side.

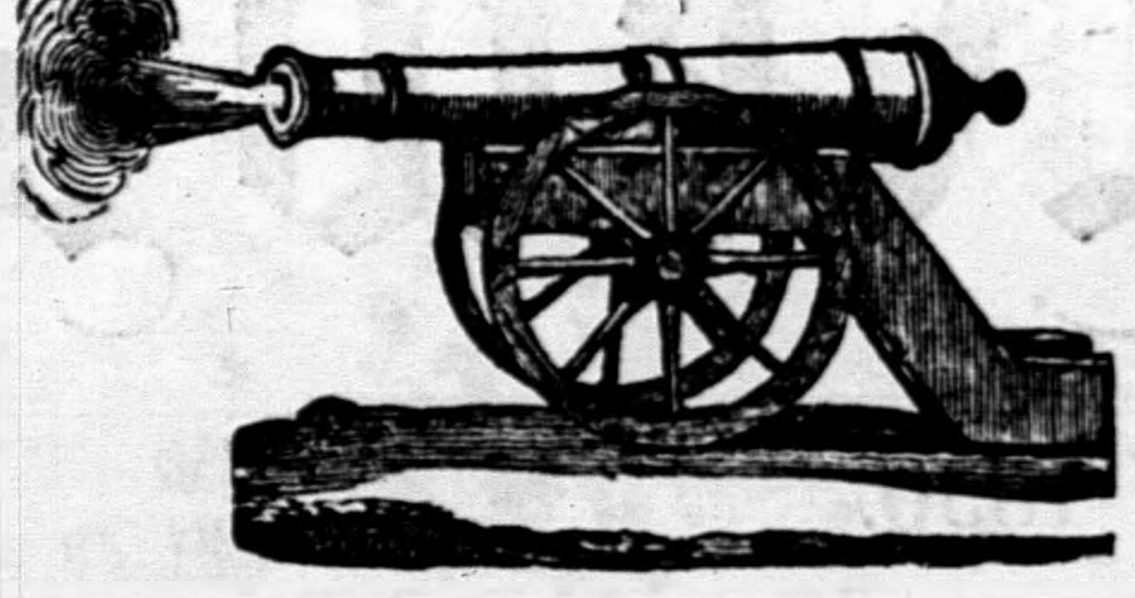
ENGLISH MAIL.—The Constitution brought up the English mail, with dates from London to the second of November. This is the quickest trip ever made.

☞ Record of City Courts unavoidably laid oves until to-morrow.

ARRIVAL OF THE CONSTITUTION,

TWO WEEKS LATER FROM THE ATLANTIC.

GLORIOUS ELECTION RETURNS!



THE DEMOCRATIC PHALANX STILL ONWARD!

By the arrival, on Saturday, of the steam Propeller *Constitution*, we are in possession of dates from the Atlantic States to the 13th of November, fifteen days later than those previously received.

The Constitution left Panama on the evening of the 5th instant, making the trip in about 22 days. She has shown herself a good sea vessel.

The regular mail from the States is on board the steamer Panama, now past due some days. J. W. GREGORY furnished us with his usual promptness and despatch, full files of New York papers.

The most important intelligence by this arrival, is the returns of the several State elections, which come cheering and bright to the Democracy of the Pacific. The ac-accounts are indeed glorious, and send a thrill of pleasure to the Democrats from New York, Massachusetts, New Jersey and Delaware.

NEW YORK.

The Old Empire State is again wheeling into line, and although the Whigs have a large majority on joint ballot in the Legislature, and will thereby control the election of a U. S. Senator, the general result is gratifying in the extreme. The Democrats have undoubtedly elected their Governor, Hon. HORATIO SEYMOUR, (though the vote is close,) and have *gained* FIFTEEN members of Congress!

The Democratic candidate for Governor has a majority in the city of New York, of 1103, while the whigs elect their Mayor and a majority of the Board of Aldermen. With the candidate for mayor whom the Democrats nominated, this result is not surprising. From this local contest, and the vote in the Assembly districts, the Whigs affect to draw a deal of consolation!

The choice for members of Congress in the several Districts, is as follows:

MEMBERS OF CONGRESS ELECTED.

Democratic gain FIFTEEN!

The Whigs have elected 81 members of Assembly, and the Democrats 47. Whig majority on joint ballot 34. So much for the election in New York. Next in order is—

NEW JERSEY.

The Democratic *gain* on the popular vote, comparing the Presidential election of 1848 with this contest, is, 9,101! In other respects has the State been "redeemed, regenerated and disenthralled." The Democrats have elected their Governor, by 5,000 majority, nearly every member of Congress, and a considerable majority on joint ballot,—thus securing a Democratic U. S. Senator in place of Wm. S. Dayton, Whig. The Federal dynasty, which has so long reigned in New Jersey, has been overthrown at last.

CONGRESS.

I—Camden, &c. STRATTON, Democrat, reported elected, *gain*.

II—Mercer, &c. SKELTON, Democrat, elected by 300 or 400, *gain*. Somerset, &c. BROWN, Whig, has 219 in Middlesex to 150 for Vail in Morris, and tie in Somerset; elected.

III—WILDRICK, Democrat, re-elected.

V—The Newark *Daily Whig* concedes PRICE's election, Democrat, *gain*.

MASSACHUSETTS.

Even in Massachusetts, the seal of condemnation is set upon the National Administration and its acts.

The vote for Governor in 1849, showed a majority against Briggs, the Whig candidate, of 2,624. At the election on the 5th ult., the majority against him was 7,187! A popular gain of near five thousand votes!

The latest advices before the sailing of the steamer, showed the election of 22 Democratic State Senators, and 8 Whigs—five districts without choice. So far as heard, the Whigs had elected 138 members of the House, and the Democrats 142—leaving 89 yet to be decided. In summing up the result, the *Tribune* does it in the following *pie-crust* style:

> "It will be seen by the above that the Coalition have, according to present appearances, a small majority in both branches of the Legislature. If they succeed in electing half the Representatives in those towns which failed to choose on Monday, they will be enabled to fill up the vacancies in the State Senate, elect a Governor, AND HAVE THINGS THEIR OWN WAY GENERALLY."

A Democratic Governor in Massachusetts will indeed be something to boast of, and then Robert C. Winthrop, Whig U. S. Senator, will have to stand aside to make room for a Democrat!

CONGRESS.

The result for Congressmen is as follows:

District.

I—WILLIAM APPLETON, W. vice Elliot, W.

II—No choice.

III—No choice.

IV—No choice.

V—No choice.

VI—No choice.

VII—I. Z. GOODRICH, W. prob. vice Rockwell, W.

VIII—HORACE MANN, F. S. Whig, re-elected.

IX—OREN FOWLER, Whig, re-elected.

X—ZENO SCUDDER, W. prob. vice Grinnell, W.

NEW HAMPSHIRE.

The official returns from the Third Congressional District of New Hampshire, show that Morrison (Dem.) is elected to fill the vacancy occasioned by the resignation of Gen. Wilson, by a majority of thirteen.

DELAWARE.

Little Delaware, too, is all right! She has gone Democratic from the centre to her borders, and although the majority is small, it is sufficiently large to send a *Democratic* United States Senator in place of John Wales, *Whig!*

ILLINOIS.

FOURTH DISTRICT.—The city and county of Chicago give about 900 majority for R. J. Maloney, Democrat, for Congress, over Churchill Coffin, Whig. Maloney is probably elected.

From the same county, Messrs. Dyer and Maxwell, Democrats, are elected to the Legislature.

WISCONSIN.

The returns received of the election on the 5th, from all points are very meagre. There is no doubt, however, of the election of Doty and Durkee to Congress, from the 1st and 3d District.

The Congressional delegation, it is conceded, will be three Democrats.

Thirty-First Congress.

The last session of the Thirty-First Congress, commenced on the first of the present month, and will end on the 4th of March next. The parties in the Senate and the House will stand as follows:

SENATE.	
Democrats	35

Great Union Meeting in New York.

A meeting, the call for which was signed by several thousand citizens, was held on the evening of the 30th Oct., at Castle Garden. The object of the meeting was to express an approval of the late measures of Congress, and to preserve and perpetuate the union of the government and the country. GEORGE WOOD, Esq., presided, assisted by forty Vice Presidents, and eight Secretaries.

Letters were read from Hon. Daniel Webster and Hon. Daniel S. Dickinson, expressing smpathy with the movement. Speeches were made by the President, by J. W. Gerard, Esq., Chas. O'Connor, Esq., Wm. M. Everts, Esq., Jas. T. Brady, Esq., Ogden Hoffman, Esq., and others.

After the letter of Mr. Webster was read, the multitude broke out with three times three cheers for that gentleman, three cheers for Mr. Dickinson, and three times three groans and general hissing for Wm. H. Seward.

The resolutions are of the most patriotic character, sustaining the course of Congress in the settlement of the Boundary difficulties, and the various laws passed for the maintenance of peace and good feeling throughout the Union.

Capt. Hiram Greenman, of Utica, extensively known for his connection with the packet lines, died in that city, Nov. 11th.

The British ship Reindeer, from Malaga, was lost on "Joe Flagger" rocks, near Cape May.

Prof. Webster's family have sailed for Fayal.

Fifty thousand dollars in spurious bills, mostly on the Bank of South Carolina, have been received in New Orleans from California. A portion of the money was on the Bank of Missouri.

The bill to restore Thomas W. Dorr to his rights, was defeated in the Rhode Island Senate, by 14 yeas to 17 nays.

Wm. Lyon McKenzie is a candidate for the Provincial Parliament, in York county, Canada West, at the next election.

The store-ship Fredonia, now lying at New York, has been granted by the Secretary of War for the purpose of conveying American contributions to the "World's Fair" at London.

Powers's statue of Calhoun, lost on the shore of Long Island, has been recovered and taken to Charleston. From the elbow to the hand of the left arm, has been broken and lost.

Brooklyn has been practically annexed to New York by the reduction of ferryage for foot passengers to one cent.

The *Tribune* of the 11th of November says, of freights:

To California there is no change to report; the nnmber of ships loading continues large, and the offerings are moderate." Freights may be quoted from $60 to $100 per foot.

N. L. and G. Griswold have contracted for a clipper ship, 230 feet keel, 42 feet beam, and 25½ feet hold, by 25 feet longer than any ship now owned in New York, and will make her the largest merchant ship in the world, about 2600 tons. She is intended for the Canton trade via San Francisco, and will be ready early in next June.

Charges of a serious nature have been preferred against A. B. Corwin, U. S. Consul at Panama, and he will in all probability be removed.

A steamer called the Commodore Stockton sailed from Philadelphia on the 28th of October, for this port. The Union propeller sailed from New York on the 30th of October.

Seventy-one factories in the vicinity of Providence, R. I., are standing idle.

Col. Samuel Young, a prominent politician of New York, died on the 3d of November.

Signora Parodi, the new prima donna and rival of Jenny Lind, has made a most successful debut in New York.

The Hon. Thomas Corwin, it is said, will be returned to the Senate from Ohio.

At the Tehuantepec Railroad meeting held at New Orleans on the 24th of October, 896 shares were taken.

CALIFORNIA STEAMHIPS.—A fine steamship, built at the foot of Hanover street, Kensington, by the Messrs. Birely, was launched about noon yesterday. She is 120 feet long, 23 feet beam, and 8 feet depth of hold, and is a companion to the other launched last week by the same builders They are designed for California by their owner, George W. Aspinwall, Esq. Their engines have been built by Messrs. Neafie & Co., of the Penn Works. [Phil. Ledger.

A NOVEL CARGO FOR CALIFORNIA.—The new bark Fanny, now fitting at St. Stephens, N. B., for California, has on board, as a portion of her cargo, an entire steamboat, with all her usual fixtures attached, except the smoke funnel, which has been taken down. She is 125 feet in length, 30 feet wide from outside to outside of paddle boxes. The Fanny is a vessel of about 800 tons, built expressly for this object by Henry Eastman, Esq., one of the most enterprising citizens of St. Stephens, assisted by Master Hymes, one of the ablest shipwrights in the country. Both design to be present to superintend the delivery in the harbor of San Francisco.

ASSAULT ON BENNETT, OF THE "HERALD." On the morning of the 1st ult., about 9 o'clock, James Gordon Bennett and John Graham, late Democratic candidate for District Attorney, met in Broadway near the corner of White st. Bennett was accompanied by his wife, who, however, had stepped into a shoe store on the opposite side of the street, just previous to the encounter. Mr. Graham was accompanied by his brothers, Messrs. Charles and Dewitt Graham. He struck at Bennet with his fist as be approached, but the latter partially dodged the blow, which took effect on his hat and knocked it out of all shape. The second blow took effect just below Bennett's ear, and postrated him on the pavement. Graham them seized him with one hand, and with the other belabored him vigorously with a raw-hide cowskin. Bennett suffered most in the face, his nose appearing very much swollen and bloody after the encounter.

These are the facts as related to us by an eye-witness. Others state that Bennett made an attempt to defend himself with his cane, and that he cried out most lustily during his "punishment." There were a number of spectators to the assault, but no one interfered to prevent it. A policeman, we are told, attempted to seize Graham, at the close of the operation, but was prevented by one Mike Murray—somewhat known as a "fighting man," who gave him a violent blow.

Bennett, in a card published in his paper, says he was walking with his wife when assailed, and that he was beaten by "a gang of rowdies and ruffians," headed by Graham and his brothers. Graham, however, has published a card, in which he states that every blow struck was by his own hand, and that he ceased as soon as Mrs. Bennett had reached the scene of action. The case will of course be made the subject of legal prosecution on Bennett's part. The attack, as is well known, was provoked by a number of attacks on Mr. Graham, which appeared in the Herald, previous to the election. [Tribune.

ARREST OF A CALIFORNIA ADVENTURER.—A man named Alvarado C Ford was on Saturday taken into custody by officer Leonard of the Second Ward and officer Brown of the Chief's office, charged with being a fugitive from justice from the State of California, also with having in his possession counterfeit money with intent to utter the same. It appears that in the early part of October Messrs. Beebe, Ludlow & Co. of this city received a package containing $3000 in $50 bills on the bank of the State of Missouri, and being somewhat dubious as to their being genuine, they took them to a broker in Wall street who pronounced them genuine, and purchassed them of the firm. They were then sent to St. Louis, where they were pronounced counterfeits, and returned to this city. On Friday last Messrs. Beebe, Ludlow and Co. received another package containing bills of a similar description, from the same firm, amounting to $4,650, having the name of Ford endorsed on the face of the bills. Upon making inquiry they ascertained that a man by the name of Ford returned in the same steamer in which the bills came, and these facts having been communicated to the Chief of Police, he caused Ford to be immediately arrested, and on searching him 17 $50 bills on the same bank were found. He admits having passed over $400 of the counterfeit money to Burgoyne & Co., but alleges that he received the bills from a responsible man residing in Missouri. Hi had a large amount of money and drafts in his possession when arrested, which have been attached by Beebe, Ludlow & Co., as agents for Burgoyne & Co. of San Francisco. He was held for further examination. [Tribune.

LATER FROM EUROPE.

The Pope has created a large number of new Bishoprics in England. London forms two sees, that of Westminster and Southwark:—besides these, there are the sees of Hagglestown, York, Lancashire, (with two bishops) Salop and Merioneth (in Wales) Clifton, Plymouth, Nottingham or Birmingham, and Northampton.

The London journals, and especially the Times, are quite busy in predicting the dissolution of this Union. It chronicles and expatiates upon the movements in regard to the Fugitive Slave Law, copies all the anecdotes they can find in any of the American papers on the subject, and exaggerates the difficulties experienced in carrying the law into effect, into riots and rebellions.

The Glasgow Mail mentions the arrival at that city of two of the carrier pigeons known to have been taken out by Sir John Ross, with the understanding that they were to be sent home in the event of his finding Sir John Franklin, or of his being frozen in. They brought no message, but the fact of their arrival has renewed the hopes of Franklin's safety.

Accounts from Cherbourg, of 21st ult. state that a violent hurricane was at that time raging there, which had driven the waves fifty feet above the breakwater. Above one hundred vessels had taken refuge in the harbor, Admiral Duhourdin's division was still at anchor in the roads, under sailing orders for Brest.

The Evenement announces that M. Guizot, who has not quitted Val Richer since his return from Claremont, has refused to offer himself as a candidate for Cher.

Letters from Madrid of the 19th inst. announce that a new band of Carlists have been attacked, beaten, and dispersed in the neighborhood of Solsona. Five were taken prisoners, and shot on the spot. The steamer Catilla left Tarragona on the 13th for Cadiz, with the remaining detachments of the Reina regiment and some artillery, where they embark for Cuba, to join the expeditionary force destined to protect that island.

News from Berlin is of the 23rd Oct. There was a suspension of the Hessian agitation pending the issue of the conference at Warsaw between the Emperor of Russia, the Emperor of Austria, and Count Brandomburgh. The movement of troops still continued towards the Hessian frontier, but they did not cause much alarm.

The Gazette de France announces the speedy departure of a French Courier to the Republic's Ambassador at Copenhagen, with a view to the speedy settlement of the difference between the Danish cabinet and the refractory Duchies.

SOMEBODY ROBBED.—We were informed, at a late hour last evening, that an iron safe was found in Clay street, near Dupont, broken open, and robbed of whatever contents it might have contained. We could learn no further particulars.

GOLD BLUFF.—The fine new schooner "Flight" will sail to-morrow for the rich diggings at the mouth of the Klamath. See advertisement in another column.

Arrival of the Steamer Northerner.

The Northerner, Capt. RANDALL, arrived from Panama last evening, which place she left on the 10th inst., making the trip up in 19 days.

She brings but 35 passengers. The Northerner left at San Diego the propeller Eudora, for this port in a few days. She had been supplied with coal.

What excites no little surprise, is the fact that the Northerner no where encountered or heard of the steamer Panama on her voyage up.

The Northerner brings no later dates from the States than those received by the Constitution. She brought up one bag of letters and nineteen bags of papers, being the residue of the regular mail which had not reached Panama when the steamer Panama left.

We compile such items of news from the Isthmus, as come under our notice.

We learn from the STAR that a Carthagenian named Pablo Alcazar, had been arrested for robbing the jewelry store of M. Dubois of some thirty or forty watches. The matter is undergoing judicial investigation.

Monsieur Leon Leconte, the popular French Consul at Panama, is about leaving for France. Also, M. Paul J. Coullet, of the firm of E. & J. Serreys & Co.

On the 28th ult. was launched from Playa Prieta, the steamer "Colibri," being the first steam vessel ever built in the harbor of Panama. Her length is 48 feet, breadth 12 feet, and the engine is 25 horse power.

☞ The ship Ellen Brooks, Swain, from San Francisco, arrived in Panama on the 2d inst., having made the trip in thirty-three days. On the passage the following persons died: Mr. Bufford, of Tenn.; John Smith N. Y.; Mr. Theward, Mich.; Mr. Libazer, Ohio; Mr. Humor, Mr. Broadie, and James Little, of Mo.

CHOLERA IN JAMAICA.—A letter received from Jamaica, dated 13th ultimo, reports 150 deaths daily from Cholera, and that the disease was increasing to a fearful extent. Total number of deaths from 7th October to the above date, 2,500.

DARING ATTEMPT AT BURGLARY.—One of the most daring attempt at burglary of which we have heard, was made on Saturday evening, upon the counting-room of Charles Minturn, Esq., at Cunningham's wharf. About half past seven, a short time after the close of business, Capt. S. H. Slate, the wharfinger, had his attention called to an unusual noise in the counting-room, and attempted to effect an entrance at a side-window, when two men suddenly jumped from a rear window and made their escape, as did a man from a long-boat under the wharf.

Upon examination it was found that one of the most thoroughly-laid plans for a burglary had been foiled. The desk upon the safe had been placed on the counter, which was moved back to enable the rogues to complete their measures for removing the safe, which contained $20,000. In front of the counter two holes were bored with a large auger, by a person in the boat below. When operations had reached this point, they were fortunately suspended. Upon examining the boat below (a large long-boat,) it was found to be supplied with a feather-bed, to deaden the noise of the safe in entering the boat, and to keep it from chafing, and thus leading to detection. The rogues also had sheaves and a fall and block, with which to place the safe in the boat after they should have cut a scuttle in the floor, for which purpose they had pointed saws. They had, also, a burglar's "jimmy," chisels, a dark lantern, a sledge, and a supply of powder with which to blow open the safe. There was found in the boat a short sabre, which shows the determination of the scamps to fight. The tools are all in possession of Capt. McCarty, of the Lower Police, and were captured by the efforts of Messrs. Sickles and R. H. Leitch.

A FORTUNE FOR ALL.—Almost every man we meet in the street, sports a splendid watch, a brilliant ring, or a beautiful pin, and the ladies, magnificent bracelets, prizes drawn in the lotteries heretofore got up by TUCKER & REEVES, in Commercial street. Another of these attractive fortune-dispensing affairs comes off at the Empire House, on the Plaza, this evening. The list of prizes will be found in another column, and, as will be observed, embraces some of the most desirable articles in the way of jewelry ever offered to the public.

There are *eight hundred prizes* that must fall to that number of individuals, and the reader of this article may be the fortunate holder of the two capital prizes—a California gold hunting watch, valued at over $500, and a magnificent diamond leaf bracelet, valued at $1000. Nearly all the tickets have already been taken, and those who desire to risk $5, with a chance of a splendid prize, should not fail to call on Tucker & Reeves before the drawing this evening.

A BLOODY ROW.—A disgraceful scene of riot occurred at a house in Sacramento street, about three o'clock yesterday morning. A party on a spree, entered a liquor shop kept by two women, and after drinking freely, commenced abusing the inmates, and one of them started for the kitchen, where the husband of one of the women had gone from his bed-room, to escape. Forcing his way through the door, he struck the husband a blow in the face, which was returned with a hatchet, inflicting a severe wound upon the head, which was dressed by a physician. The man who used the hatchet, *Jas. Loohig*, made his escape, but was subsequently arrested and taken to the station-house, by the watch, while the wounded man, *Belcher Kay*, was carried home by his friends. An examination will take place before the Recorder this morning.

PLANK ROAD TO SAN JOSE.—We learn that arrangements are making to petition the Legislature at an early day, for a charter, with exclusive privileges, to a company, who shall construct a road from this point to San Jose. We go for the road, but let it be a RAIL-ROAD, and let all the exclusive privileges consist in carrying all the passengers who do not choose to go by any other conveyance. It is too late in the century for California to follow the example of New Jersey in granting monopolies of this kind.

THE INDIAN COMMISSIONERS.—R. MCKEE, Esq., and Dr. WOZENCRAFT, the Commissioners appointed to treat with the Indians of California, have arrived. The former came up in the Northerner, and the latter in the Constitution.

☞ Our Steamer paper to-morrow will be the most valuable number ever issued by us. The article on "San Francisco at the end of the year 1850," will contain matter that has cost immense labor to procure.

Panama Items.

The Panama STAR gives currency to the rumor that Mr. CORWIN, the American Consul at Panama, had been removed from office.

The barque St. Mary's was about being despatched for this port, via Realejo. Also, the Granadian ship Dolores, Robles, which was to come through direct.

ROBBED ON THE ISTHMUS.—We learn that a man named Dr. Franklin or Dr. Jackson, who was a passenger in the California, on her last trip down, was robbed of a large quantity of valuable specimens, in crossing the Isthmus.

Another case of robbery related to us, is that of Mr. H. B. Hawkins, who started across with Mr. J. Marsh and Mr. Jackson. Mr. Hawkins was rather unwell, when he concluded to send his trunk, containing about $8000 in gold dust, across in charge of his friend, Mr. Joseph Marsh, of Buffalo. He had got about a quarter of the distance, when he was struck from behind, with a bludgeon by one of the natives, which felled him senseless to the ground. They then tied his hands, and made off with the carpet bag containing the money, since which no clue has been obtained of the bag or money, Mr. Marsh was badly cut in the head, and was taken back to Panama to recover.

There are some desperate characters in Panama, and on the road from Cruces to Panama, and on the river from Chagres to Cruces. Persons cannot be too cautious on their return home in saying anything to any one about what they may have.

AIDING A CRIMINAL TO ESCAPE.—We heard Judge Watson, of the District Court at San Jose, give an excellent charge to a jury the other day, in a case of this kind. "You are required to administer the proper punishment," said he, "and I call upon you to do it in this case." The culprits were Californians, and the jury let them off in consequence of their ignorance of the laws relating to a Sheriff, with a fine of $25, and six hours imprisonment.

THE MAIL.—The mail for the States, by the steamer Carolina, will close at the post office, at half past ten o'clock on Wednesday. A newspaper bag will be kept open at our counting room until the latest hour before the sailing of the steamer.

IN TOWN.—Dr. RANDALL, the member of Assembly elect from Monterey; Capt. E. K. KANE, U. S. A.; JACOB S. LEESE, Esq., P. MORANHAUT, Esq., and CHAS. H. ST. JOHN, Esq., the able District Attorney, arrived in town on Saturday.

A MERITED TOKEN.—The passengers on board the steam ship Panama, on her last trip down, made Captain BAILEY a present of a splendid Chronometer Watch, as a testimonial of their appreciation of his merits as a commander, a navigator, and a gentleman,

Commercial,

Saturday, December 28.

In noticing the business of this week, we are gratified in being able to state that a better feeling has manifested itself throughout, than existed for the week ending December 21st. Trade, however, is far from being regular or settled, nor are there any very encouraging prospects for the future, until our spring trade shall have regularly opened, and we can again witness our commission and auction houses crowded with those who look to the San Francisco market for their supplies.

STATE LAWS.

AN ACT to Establish Pilots, and Pilot regulations for the Port of San Francisco.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

§1. It shall be the duty of the Governor to appoint two resident Merchants, and two experienced and resident Ship Masters, who, together with the Harbor Master of the Port, shall constitute a Board of Pilot Commissioners for the Port of San Francisco.

§2. The persons thus appointed shall take an oath for the faithful discharge of their duties, and shall hold their office for the term of one year, and until their successors are appointed and qualified.

§3. The Commissioners shall keep an office at San Francisco, and shall meet therein on the first Monday of each month. A majority shall constitute a quorum for the transaction of business.

§4 They shall appoint a Secretary, who shall hold his office for one year. He shall give bond, with security, to be approved by the Commissioners, payable to the State of California, in the sum of ten thousand dollars; conditioned for the faithful discharge of his duty, which bond shall be filed in the office of the County Clerk, and be for the use of the party aggrieved.

§5 The Commissioners shall make By-Laws and Rules for their own government, not inconsistent with the provisions of the laws of this State or the United States.

§6. The Commissioners shall have power to purchase an iron safe for the keeping of money, papers, books, or other things of value belonging to their office.

§7. It shall be the duty of the Secretary to keep correct minutes of all the proceedings of the Commissioners, in books provided for that purpose. To receive all money, and pay out the same when ordered so to do by the Board, and shall register the names of all Pilots, with the date of their licenses. These registers and books shall always be open to public inspection.

§8. He shall keep a monthly record of the arrival and departure of the pilot boats, names and residences of all pilots, and to perform such other duties as the Board may direct.

§9. Tee Secretary shall receive for his compensation, such sum as the Commissioners may deem just.

§10. Neither the Commissioners or the Secretary shall have any interest, directly or otherwise, in any pilot boat, or the earnings thereof.

§11. The Commissioners shall have power to appoint, in the manner prescribed in this Act, such number of pilots for said port as they may deem necessary.

§12. Persons applying for licenses to act as pilots for the port of San Francisco, shall be American citizens, and not under the age of twenty-one years, and in presence of one or more licensed pilots shall be rigidly examined by the Commissioners, touching their qualifications, concerning their knowledge of the management of square-rigged vessels, of the tides, soundings, bearings and distances of the different shoals, rocks, bars, and points of land, and night lights of the Harbor and Bay; and if deemed to be qualified, shall receive a license as a pilot, which shall expire at the end of twelve months.

§13. Every licensed pilot, previous to entering on his duties, shall give bond to the amount of five thousand dollars, payable to the State of California, for the faithful discharge of his duty, which bond and security shall be approved of by the Commissioners, and shall be filed in their office.

§14. The Commissioners shall have full power to suspend pilots, or revoke their licenses, on proof of incapacity or misconduct.

§15. As soon as a sufficient number of pilots are associated to keep a boat, such boat shall be numbered by the Commissioners, in the order of application, and her name and number duly recorded by the Secretary, and such number shall be distinctly painted in black letters, to be at least two feet long, and above the balance reef of the foresail of such boat; the pilots shall then select one from their number, whose duty it shall be to make reports to the Commissioners.

§16. On the first Monday of every month, the person so selected shall pay over to the Secretary the amount of per centage assessed by the Commissioners for the purpose defined in this Act, and report the names of the vessels, and the amount received from each, verified by his signature.

§17. Every pilot, on boarding a vessel, when required by the master thereof, shall exhibit his license to such master, and on refusal so to do, shall be liable to a penalty of fifty dollars.

§18. Any pilot absenting himself from his duty for more than two months, except on leave granted by the Commissioners, or by sickness, shall be considered as having forfeited his license.

§19. In case a pilot does not apply at the end of the time for which his license was granted, for a renewal of the same, he shall be considered as suspended.

§20. If any licensed pilot shall become intoxicated whilst having charge of any vessel as pilot, he shall be suspended or dismissed, as the Commissioners may elect.

§21. Not more than six pilots shall be in copartnership, or interested at any one time in the business of piloting, and for any infringement of this section, shall be subject to such penalty as may be determined by the Commissioners.

§22. The Commissioners may require pilots to renew their bonds and securities whenever it is deemed necessary and they may take away the license of any pilot for wilful infringement or violation of their duty, or negligently losing any vessel, or for mental derangement, or habitual drunkenness: *Provided*, due notice in writing be given to such pilot, and an opportunity be afforded him of being heard in his own defense.

§23. For carelessly or negligently losing a vessel, on conviction thereof, the pilot having charge of said vessel at the time, shall be incapable ever after of acting as pilot, and shall moreover be liable for damages on his bond. If a vessel be run ashore by a pilot, no pilotage shall be charged, and if negligently done, the pilot shall be liable for all damages.

§24. It shall be the duty of every pilot in charge of a vessel arriving in the harbor, to have the vessel safely moored, in such position as the master of the vessel, or Harbor Master of the port may direct.

§25. When complaint is lodged with the Commissioners against a pilot, for misbehavior or neglect of duty, it shall be reduced to writing and sworn to. Notice thereof must then be given to the pilot, and he shall be notified to appear within fifteen days to answer the complaint. If the answer be not satisfactory, he may be fined not exceeding five hundred dollars, or deprived of his license, at the discretion of the Commissioners. An appeal may be made by the pilot within fifteen days from the decision of the Commissioners, to the County Court of the County of San Francisco.

§26. Each and every pilot boat shall keep on board a journal, noting in detail all incidents of weather, and all discoveries which may be made of rocks, shoals or bars, in the Bay of San Francisco and vicinity, such as may be considered dangerous to navigation. False entries therein shall subject the parties offending to fine or loss of license, or both, at the discretion of the Commissioners. And the said journals shall be open to the inspection of the Commissioners.

§27. No persons, except those licensed by the Commissioners, shall pilot vessels in or out of the harbor or bay of San Francisco, for hire, under penalty of five hundred dollars for each and every offence. This penalty is not incurred when the master of a vessel acts as his own pilot, or in case of distress.

§28. Applications for pilots for vessels outward bound, shall be made at the office of the Commissioners; the secretary shall then direct a pilot to such duty, giving preference to the pilot who brought the vessel in; and a pilot refusing or neglecting, shall be fined not exceeding five hundred dollars, or suspended, according to the discretion of the Commissioners.

§29 The Commissioners may make all needful rules and regulations for the government of the pilots, and establish penalties for the breach thereof, and shall prepare printed instructions for pilots, and furnish each of them with a copy of such rules, regulations and instructions, together with a copy of this Act.

§31. The following fees shall be charged by the pilots of the Port of San Francisco:

1st, For bringing in a vessel from or within a line of San Pedro, Farallones and Point de Los Reys, into the harbor, shall be eight dollars per foot draught.

2d, For brining in a vessel beyond the above mentioned line, ten dollars per foot draught.

3d, For piloting a vessel out of the harbor, eight dollars per foot draught.

4th, Foreign vessels not entitled to equality by treaty, shall pay one-fourth more than the above rates.

5th, American or foreign men-of-war, twelve dollars per foot draught, either inward or outward bound.

§32. The pilotage from quarantine to anchorage opposite San Francisco, and for piloting vessels about the harbor, shall be at such rates as may be agreed on between the parties.

§33. Any vessel with a pilot on board, being detained more than twenty-four hours by contrary winds, bad weather or other cause not the fault of the pilot, shall pay to such pilot the sum of eight dollars per day, exclusive of his regular fees, for each day's detention, whether such vessel be inward or outward bound.

§34. The pilot first offering his services to any vessel shall be entitled to half pilotage, though his services may be rejected: Provided, that all vessels engaged in the coasting trade of this State or Oregon, not exceeding one hundred and seventy-five tons burthen, shall not be liable to the provisions of this section.

§35. Pilots blown off or carried to sea against their will when a boat is in attendance to receive them, shall be entitled to receive the sum of eight dollars per day while absent, which if not paid by the master or owners, shall be collected from the consignee or consignees, or either of them.

§36. The master, owner, or consignee of any vessel to whom any pilot may have rendered upon request of either of them, any extra service for the preservation of such vessel while in distress, shall pay such pilot in addition to his regular fees, such amount as the Commissioners shall determine to be a reasonable and just reward: Provided no special agreement shall have been made between such master, owner, or consignee of such vessel and the pilot.

§37. A pilot boarding any vessel having a signal for a pilot shall be entitled to receive full pilotage.

§38. If a vessel bound to San Francisco be lost within the line of Point San Pedro, Farallones, and de Los Reys, having had a signal for a pilot, and been in sight of either of the above named points, and not having been able to procure a pilot, the Commissioners shall cause inquiry into the facts, when if it shall appear that the pilots have been neglecting their duty, the Commissioners shall suspend or displace the parties guilty, and shall publish the result of their investigation.

§39. The Commissioners shall have power to assess all fines and penalties either on the pilots or any other person or persons for a violation of any of the provisions of this Act, and shall have power to sue for and collect the same in their own name; the money so collected shall be appropriated to the use and benefit of the Marine Hospital, which may be established at San Francisco, and paid to such person as may be entitled by law to receive the same.

§40. The Commissioners shall be entitled to charge for each and every license to a pilot, not exceeding the sum of fifty dollars, and any master of a coasting vessel being an American citizen, can upon application to the pilot Commissioners obtain a special license for the use of such vessel only; by paying unto said Commissioners for the same, at the rate of one dollar per ton, all such vessels to be under one hundaed and seventy-five tons.

§41. The Commissioners shall be entitled to receive a per centage, which they shall determine, upon the joint earnings of the pilots, sufficient only to pay all necessary expenses for the employment of Secretary, rent office, stationery, lights and fuel, at the end of twelve months, and the surplus of such percentage over and above such expenses shall be held in trust and paid as prescribed in section thirty-nine of this Act.

§42. All claims against said Commissioners shall be considered at a stated meeting, and if correct, shall be allowed and paid.

§43. At the expiration of every six months the Secretary shall cause to be published in a newspaper published in San Francisco, a full account of all receipts and expenditures for the said time.

§44. When cruising off or standing out to sea, pilots shall go to the vessel nearest shore, or in the most distress, under a penalty of one hundred dollars, and for refusing to go on board a vessel when required, a like penalty of one hundred dollars shall be imposed, and in either case, upon complaint and conviction, the pilot may be suspended or expelled at the discretion of the Commissioners.

§45. Pilots shall at all times keep a boat in good condition, and sea worthy, and of sufficient capacity to cruise seaward beyond the headlands of the Harbor, also, such boarding or row boats as shall be necessary.

§46. If any pilots in endeavoring to assist or relieve any vessel in distress, shall suffer loss or damage in his boats, sails, tackle, rigging, or appurtenances, the master, owner, or consignee of such vessel, shall pay the value of such loss or damage, to be assessed by the Commissioners.

§47. Pilots heretofore appointed, or who may hereafter be appointed, shall conform to and be governed by the provisions of this act, and such quarantine laws as may hereafter be enacted.

§48. The act entitled "An act in relation to the appointment of Pilots for the different ports and harbors of California," approved January the eighth, one thousand eight hundred and fifty, so far as relates to the Port of San Francisco, be, and the same is hereby repealed.

AN ACT regulating the Quarantine of Vessels at the Port and Harbor of San Francisco.

The People of the State of California, represented in Senate and Assembly, do enact as follows.

§1. The quarantine anchorage shall be designated by buoys to be fixed under the direction of the Health Officer, and shall be as near as possible to the Marine Hospital; and every vessel subject to quarantine shall anchor within them.

§2. Every vessel in this act directed to be subject to quarantine, shall immediately on her arrival, proceed to and be anchored at the place there assigned for quarantine, and shall remain there with her officers, passengers and crew, during her quarantine, subject to the examination the Health Officer or Board of Health shall lawfully impose.

§3. All vessels arriving in the bay of San Francisco, from sea, are declared to be subject to such quarantine regulations as are prescribed in this act.

§4. All vessels subject to a regular quarantine shall, if navigated by steam, be subject only to such length of quarantine and other regulations as a majority of the Board of Health shall enjoin.

§5. The quarantine of other vessels shall be limited by the discretion of the Health Officer; but unless under special circumstances and with the sanction of the Board of Health, it shall not exceed the time requisite for a due examination of the vessel and cargo, and a compliance with the regulations of this act.

§6. It shall be the duty of the Health Officer to board every vessel immediately on her arrival, and make strict search and inquiry into the health of the crew and passengers, and into the state and condition of the vessel and cargo; and in the discharge of this duty, he may put all such questions to the persons on board as he shall judge necessary and proper to enable him to ascertain the condition of the vessel, and the quarantine to which she ought to be subjected; and the persons to whom such questions shall be put, shall, if required, answer the same under oath, which the Health Officer is hereby authorized to administer; and the Health Officer shall make a daily report to the Board of Health respecting every vessel that he shall visit, and containing all such information as may enable the Board of Health to determine what measures in respect to such vessel ought to be adopted.

§7. When the regular period of quarantine has expired, if the Health Officer judge the vessel and cargo free from infection, he or the Board of Health shall relieve the vessel from quarantine.

§8. Every vessel subject to quarantine must be designated by a quarantine flag, to be fixed in a conspicuous part of the main shrouds of the vessel, until the expiration of her quarantine.

§9. No lighter shall be employed to load or unload vessels at quarantine, but by the permission of the Health Officer, when they shall be subject to such restrictions as he may impose.

§10. No vessel subject to quarantine shall remove from the quarantine grounds without a written permit from the Health Officer.

§11. It shall be the duty of the Board of Health to provide a building, at a safe distance from the hospital buildings, on the hospital grounds, for all passengers of a vessel or vessels placed under quarantine, who are not diseased, who may choose to go on shore; and those who are unable to maintain themselves shall be provided for by the master, owner or consignee of the vessel, unless in cases where a special agreement to provide for themselves during the voyage has been entered into, in which case they shall be provided for by the Board.

§12. The cost of erecting such buildings shall not exceed twenty thousand dollars, and the weekly charge for pay patients shall not exceed twenty dollars per week; the accommodations shall be of good quality, and such as are usually provided for at boarding houses.

§13. Every master of a vessel subject to quarantine shall proceed with and anchor his vessel at the place assigned for quarantine at the time of his arrival; he shall submit his vessel, cargo and passengers to the examination of the Health Officer, and furnish all necessary information to enable that officer to determine to what length of quarantine and other regulations they ought respectively to be subjected.

§14. Every master of a vessel hailed by a pilot, who shall either give false information to such pilot relative to the condition of his vessel, crew, passengers, or cargo, or refuse to give such information as shall be lawfully required, or land any person from his vessel, or unload or tranship any portion of his cargo before his vessel shall have been visited or examined by the Health Officer; or shall approach with his vessel nearer than the place of quarantine to which he shall be directed, shall be guilty of a misdemeanor, and for each offence shall be fined in a sum not exceeding five hundred dollars; and every person who shall land from any such vessel, or unload or tranship any portion of his lading under the like circumstances, shall be considered guilty of a like offence, and be subject to the like penalty.

§15. Every person who shall willingly or knowingly oppose or obstruct the Health Officers or pilots in performing the duties required of them in this act, shall be guilty of a misdemeanor; the fine for each offence not to exceed one thousand dollars, nor the imprisonment three months.

§16. Every person who shall go on board of, or have communication or intercourse with any vessel at quarantine without the permission of the Health Officer, shall be considered guilty of a misdemeanor, and punished by fine and imprisonment; and such offender shall also be detained at quarantine so long as the Board of Health shall direct, not to exceed twenty days, unless he shall be taken sick of some pestilential or infectious disease.

§17. Whenever the Board of Health, or either of them, shall charge in writing, any pilot with any violation or neglect of duty, the Pilot Commissioners shall suspend such pilot from his office until he shall have entered into a recognizance before some magistrate of the State of California in the sum of five hundred dollars, with sufficient sureties, to appear and answer to the offence charged, at the next term of the District Court of San Francisco.

§18. It shall be the duty of each pilot belonging to the port, to use his utmost endeavors to hail each and every vessel which he shall discover to be entering the Bay of San Francisco from sea, and to demand of the master of every such vessel, whether any person has within ten days died or been sick with a malignant or contagious disease on board.

§19. If either of the above questions shall be answered in the affirmative, the pilot shall immediately give notice to the master of the vessel, that he, his vessel, crew, passengers and cargo, are subject to the examination of the Health Officer, and shall direct him to proceed and anchor his vessel at the quarantine anchorage, there to await the future directions of the Health Officer.

§20. It shall be the duty of every pilot who shall conduct into port a vessel subject to quarantine: 1st, To bring such vessel to anchorage within the buoys marking the quarantine anchorage. 2d. To prevent any vessel or boat from coming alongside of the vessel under his charge, and to prevent any thing on board from being thrown into any other vessel or boat. 3d, To present to the masters of the vessels a printed copy of this Act, when such copy shall have been delivered to him for that purpose. 4th, To take care that no violation of this Act be committed by any person on board; and to report such as may be committed as soon as may be to the Health Officer.

§21. Any vessel arriving at the port of San Francisco that has no malignant or contagious disease on board, shall not be subject to quarantine.

§22. The master, owner, or consignee of every vessel subject to regular quarantine of thirty days, shall forthwith upon the requisition and under the direction of the Health Officer, cause such vessel, her cargo and clothing to be purified; and shall cause said vessel to be fumigated with mineral acid gas, when required by the Health Officer.

§23. And when the regular period of quarantine shall have expired, if the Health Officer shall judge the vessel clean and free from infection, he shall release the vessel from quarantine, and report the same to the Board of Health, but none of the officers, passengers or crew of any such vessels shall leave the quarantine ground until ten days after the last case of pestilential or infectious fever shall have occurred on board.

§24. The Health Officer, if he shall judge it necessary to prevent infection or contagion, may cause, upon the order of the Board of Health, any bedding or clothing on board a vessel subject to quarantine, or any portion of her cargo that he may deem infected, to be destroyed.

§25. The Health Officer, upon the application of the master of any vessel under quarantine, and his consenting to pay for the maintenance of the offender whilst in custody, may direct to be confined in some suitable place on shore, any sailor or mariner on board of such vessel, who shall have committed an offence punishable by the laws of this State, or of the United States, and who cannot be properly secured for punishment on board of his vessel; such confinement shall continue during the residue of the quarantine of the offender; and the expenses of maintaining the offender shall be charged and paid in the same manner as the expenses of maintaining poor passengers.

§26. Every master of a vessel subject to quarantine, arriving within the bay of San Francisco, from sea, who shall refuse or neglect either: 1st, To proceed with and anchor his vessel at the place assigned for quarantine at the time of his arrival. 2d, To submit his vessel, cargo and passengers to the examination of the Health Officers, and to furnish all necessary information to enable that officer to determine at what length of quarantine and other regulations they ought respectively to be subject. 3d, To remain with his vessel at quarantine during the period assigned for her quarantine, and whilst at quarantine to comply with the directions and regulations of this act, and with such as any of the Officers of Health, by virtue of the authority given to them by this act, shall prescribe in relation to his vessel, his cargo, himself, or his crew, shall be guilty of a misdemeanor, punishable by fine or imprisonment; the fine for each offence not to exceed one thousand dollars, nor the imprisonment twelve months.

§27. Every person who, without the authority of the Health Officer or Board of Health, shall wilfully go within the inclosure of the quarantine grounds shall be considered guilty of a misdemeanor, the fine for each offence not to exceed five hundred dollars, nor the imprisonment thirty days.

§28. Every person who shall go on board of, or have any communication, intercourse, or dealings with any vessel at quarantine, knowing the vessel to be in quarantine, without the permission of the Health Officer, shall be considered guilty of a misdemeanor, punishable by fine not less than one hundred dollars, nor more than five hundred dollars.

§29. Such offender shall also be detained at quarantine so long as the Board of Health shall direct, not exceeding ten days, unless he shall be taken sick of some pestilential or infectious disease.

§30. It shall be the duty of the Health Officer to give immediate information to the Board of Health, of every such transgression, the circumstances attending it, and the condition of the vessel with which a communication shall have been had; and the Board may determine how long the offender ought to be detained at quarantine.

§31. Every person under quarantine shall be subject to the penalty of not less than one hundred dollars nor more than two hundred and fifty dollars, who shall elope from or wilfully go beyond the bounds assigned to him for his quarantine, and it shall be the duty of every Justice of the Peace, or other magistrates, before whom any such offender shall be brought, to order him by warrant to be re-conveyed to the quarantine ground, there to remain the residue of his term of quarantine. All fines or penalties collected under the provisions of this act, shall be appropriated to the funds of the Marine Hospital.

§32. Every person who shall violate, refuse or neglect to obey or comply with any order, prohibition, or regulation, made by the Board of Health, in the exercise of the powers herein conferred, shall be considered guilty of a misdemeanor, punishable by fine at the discretion of the court by which the offender shall be tried.

OFFICE OF SECRETARY OF STATE,
SAN JOSE, April 12th, 1850.

I hereby certify that the foregoing is a true copy of an original act now on file in this office.
W VAN VOORHIES.

AN ACT providing for the creation of a Marine Hospital for the State of California:

The People of the State of California, represented in Senate and Assembly, do enact as follows:

§1. There shall be established within and for the State of California, a Marine Hospital, and all buildings belonging to, or connected therewith, shall be erected upon grounds containing not less than twenty acres, and which at the time of such erection, shall belong to the State and shall be situated upon the bay of San Francisco, and not less than two nor more than twelve miles distant from that part of the town of San Francisco, known as "Clark's Point."

§2. The said Marine Hospital, together with its lands and all buildings and improvements which may be made thereon, shall be held by the Board of Health, in trust, for the people of this State, for the purposes specified in this Act. And said Board of Health shall have power, and are hereby required to purchase said lands, and erect for the said Marine Hospital proper and necessary buildings and improvements, as soon as funds sufficient for such purpose, over and above salaries and other incidental expenses, shall be received by them in their official capacity; Provided, however, that the whole cost of the said grounds, hospital and other buildings and improvements so to be erected, shall not exceed the sum of fifty thousand dollars; and until such time as the said grounds shall be obtained, and the necessary buildings erected thereon and ready for the use of the said Marine Hospital, the said Board of Health shall be authorised to make suitable temporary arrangements for the same, within the limits prescribed by the first section of this act.

§3. The Board of Health shall cause a draft of such building or buildings to be made as they may deem necessary for the Marine Hospital, which draft or plan shall be subject to the inspection of the Governor of the State, and if he approve the same, they may receive sealed proposals for the furnishing of the material, and for the erection of the same, and the contract shall be given to the lowest responsible bidder.

§4. The sums necessary to keep the buildings of the Marine Hospital in good repair, including the expenses of erecting all such buildings, and for making such improvements as the Board of Health shall deem indispensable, shall be charged as part of its annual expenses.

§5. The Health Officer shall reside at the Marine Hospital, unless otherwise directed by the Board of Health, and shall by right of office be Physician of such Hospital, give orders for the admission of patients, and have the immediate control of its inmates, and shall employ and discharge all nurses and attendants; but the Board of Health shall, in all other respects, have the superintendence thereof; make rules and orders for its government, and provide bedding, clothing, fuel, provisions, medicine, and such other articles as shall be requisite therein, and shall pay out of the funds of the Hospital all wages for said nurses and attendants, as well as all incidental expenses of said Hospital, and shall fix the compensation of said nurses and attendants.

§6. The Board of Health shall, at all times, furnish a convenient boat, with sufficient boatmen, for the use of the Health Officer and Resident Physician, the expense of which shall be charged to the funds of the Hospital.

§7. All sick sailors, mariners and other persons who shall have paid hospital money, or for whom the bond hereinafter mentioned shall have been given, shall be entitled, free of charge, to all the benefits of the said Marine Hospital, and to be there provided for while sick; and also such other persons as the authorities of the city of San Francisco may request; provided, the said authorities shall pay therefor such charges as the Board of Health may direct; and every sick person sent to the Marine Hospital, shall be there kept and attended to with all necessary and proper care; and no such person shall leave the Hospital until the Health Officer shall grant a discharge in writing.

§8. The Health Officer may direct, in writing, any constable to pursue and apprehend any person not discharged as aforesaid, who shall elope from the Hospital, and to deliver such person at the Hospital, to be there detained until regularly discharged. It shall be the duty of the constable so directed to obey such instructions; and every person who shall so elope shall be considered guilty of a misdemeanor, punishable by fine or imprisonment.

§9. All persons sent to the Marine Hospital other than those who shall have paid hospital money, who shall be provided for by the city of San Francisco, and such persons as the Board of Health shall exempt, shall pay a reasonable sum for their board, medicines and attendance; and for the recovery of such sum, the Board of Health may sue in their name of office.

§10. Within twenty-four hours after the arriving of any ship or vessel at the port or within the bay of San Francisco, and before leaving said port or bay for any other place within the limits of this State, from any of the United States other than this State, or from any country out of the United States, the master or commander of such vessel or ship on which such passengers shall have arrived, shall make a report in writing, on oath or affirmation to the Board of Health at their office in the city of San Francisco, which report shall state the name and number of all the cabin and steerage passengers, captains, mates and sailors, and also the name and residence of the owner or owners and consignee of such vessel. In case any such master or commander shall omit or neglect to report fully as aforesaid, or shall make a false report or statement, he shall forfeit the sum of five hundred dollars for every such passenger or person in regard to whom any such omission or neglect shall have occurred, or any false statement shall have been made, for which the owner or owners, or consignees of every such vessel or ship shall also be liable jointly and severally, and which may be sued for and recovered as provided in this act.

§11. It shall be the duty of the said Board of Health to require the owners or consignees of the said ship or vessel on which said persons have arrived, to give a several bond to the State in a penalty of two hundred dollars for each and every person included in such report, such bond being secured as hereinafter provided, conditioned to indemnify and save harmless the Board of Health, and each and every city, town or county in this State, from any costs which such Commissioners of Health, or such city, town or county, shall incur for the relief or support of the person named in the bond, within five years from the date of the bond; and also to indemnify and refund to the said Board of Health, city, town or county, any expense or charge they may necessarily incur for the support or medical care of the person therein. Each and every bond shall be secured by two or more sufficient sureties, being residents of the State of California; each of whom shall prove by oath or otherwise, to the satisfaction of the Board of Health that he is owner of freehold in this State of the value of three hundred dollars over and above any claim or lien thereon against him; including therein any contingent claim which may accrue from or upon any former bond given under the provisions of this act.

§12. It shall be lawful for any owner or consignee at any time within two days after the arrival of such person or passenger in any ship or vessel at the port or within the bay of San Francisco, and before leaving said port or bay for any other place within the limits of this State, to commute for the bond or bonds so required, by paying to the Health Commissioner: 1st. For the master and each cabin passenger arriving in an American vessel from a foreign port, three dollars; for each steerage passenger, mate, sailor or marine arriving in such vessel, two dollars. 2d.
